Festival Vendor

*** Vendors must provide own hoses to connect to water source. Splitter will be provided by Festival. While efforts will be made to place vendors requiring water near the water source, some booths may be some distance from water source.

Items being sold or served: _____

****Food booths may not sell the following items due to an exclusive contract with the carnival company: cheese on a stick, corn dogs, cotton candy, funnel cakes, candy or caramel apples, lemonade, shaved ice, corn on the cob, and pizza.****

YOU PROVIDE:

Your own electric cord, all drops must be free of rips, tears or open jackets and meet NEC sizing for proper voltage and Amp load.

THE FESTIVAL WILL NOT PROVIDE ANY ELECTRICAL DROPS.

110-120 volt is one (1) GFCI outlet your drop must have a grounding plug.

30 Amp-240 volt drop is standard NEMA 14-30 outlet. You must provide matching NEMA plug on your drop.
